EXPERIENCE

Features Writer, 2018-2019
The Connector, Atlanta, GA

For a year, I contributed feature articles for the award-winning collegiate publication. I covered high-profile and special events and festivals at and outside of Savannah College of Art and Design (Atlanta and Savannah campuses). Each article featured personal photography for added visuals for the written content.

Paste Editorial Internship, 2018
Paste Magazine, Decatur, GA

Over a six-month period, I interned for the award-winning music and pop culture publication. I used social media, email and popular websites to find news daily. I researched and wrote twenty to thirty articles a week. Over the course of the internship, I was able to write two popular feature articles for the online publication.
